Join the Georgia School Breakfast Challenge!

All Georgia students need easy access to school breakfast. Every year, more than 500,000 Georgia students miss out on school breakfast impacting their success in and out of the classroom. When breakfast is a seamless part of the school day we see Georgia students with improved attendance, improved behavior, and higher test scores. The School Breakfast Challenge provides a fun opportunity to increase your students’ access to school breakfast – and you can shine a spotlight on your school along the way!

How can my school win?
Try something new in your district! Breakfast doesn’t have to be served in the cafeteria. Consider options for your school and work with your school nutrition director, school leadership, and students to also explore new ways to promote the program. You’ll receive a toolkit with ideas and resources when you sign up for the challenge.

Challenge Details
One school from each Georgia RESA with the highest percentage increase in school breakfast participation through March and April 2020 will be awarded, with potential prizes including statewide publicity, recognition events and fun rewards for staff and students. Schools that showcase outstanding engagement with administrators, educators, parents and students will also receive additional prizes and recognition.

Sign Up Now!
Learn more and sign up for the challenge today at state.NokidHungry.org/Georgia. The first 50 schools to sign up will automatically win giveaways to help your school promote breakfast during the challenge!

Let’s Try Something New in Your District!

- **Breakfast in the Classroom**
  Students eat in their classroom at the start of school day.
  Participation rates average 88%.
